

Inter BEE 2016

11.16 **Wed.** >>> 18 **Fri.** Makuhari Messe, TOKYO

Invitation

ASACA has the honor to give you heartwarming invitation our booth on "Inter BEE 2016" will hold at the Makuhari Messe for 3 days from 16th to 18th November. In our broadcast facility, updating of 2K terrestrial broadcasting equipment, such as satellite 4K broadcast starting from 2018, 12G-SDI of the equipment interface, major changes such as IP will have been assumed. In our booth, as 4K equipment "DUX series 4K up-converter / down converter, HDR color collector", the other to exhibit such as "HDR corresponding 4K test signal generator TG4000", NMI(networked media interface) releases upcoming support equipment, will be announced in the 12G-SDI compatible devices. We also will be a lot of exhibition items to be active in the broadcasting field and manufacturing site.

We sincerely hope you will be able to take a few moments to drop by our booth and see how we can satisfy meet your company's needs.

Kouta Morishita
President & C.O.O.
ASACA Corporation

Hall map Our company will exhibit at the Exhibition at Hall 4.
